### **Old Business:**

- Sue Radek will chair the meetings.
- The city has been informed that Cynthia Tollefson has agreed to serve another 3-year term. They will post to the website.
- Janet Dengel has agreed to serve another 3-year term. The board unanimously agreed to approve her renewal.

### **New Business:**

- Mid Valley Pest Control has sprayed this month for spiders.
- The City Crew has been asked to remove or reposition some of the rocks along the front entrance to make them less comfortable for sitting. We are hoping to discourage young people from congregating at the entrance.
- The City pressure washed the front entryway to get rid of the stains caused by the girls who crushed Mountain Ash berries in that area last month.
- The lobby carpet was steam cleaned by Steam Way, Steve James. He said next time he can try to include the staff kitchen area, which is in need of cleaning.
- There has been a terrible smell in the glassed in foyer entrance. Sandra has talked to the city about it. It may be in the small heater, or it could be the carpet. So far it seems intermittent and is a mystery.
- Cynthia and Sue offered to help weed the triangle area outside of the Pioneer Room and anyone is welcome to help.
- The December meeting will be held in the Pioneer Room as usual and the January meeting will be held at the Bistro with a no host lunch to follow.

Meeting Adjourned.

Respectfully Submitted, Betsy Rainsford
