

Library Board Minutes
September 12, 2016

Minutes read and approved subject to the following changes: Flagpole garden: Cynthia weeded and Sharon applied the bark. Shiloh Steffen and her husband have taken over Steve James' carpet cleaning business.

Old Business:

Support Beam – The building inspector did a thorough inspection and everything is okay. A great thank you to the building inspector, Ron and Ken Mears.

Bookmobile Plans – Lois Hale designed a new layout for the back room which would accommodate space for the Bookmobile needs. Nothing will happen immediately, maybe next year. There are a lot of details to be worked out before this could happen.

Bills presented for payment:

City of Omak	\$ 134.80	
Cintas	\$ 37.19	
PUD	\$ 501.41	
Supply Works	\$ 459.94	This is higher than normal due to order being placed twice.

New Business:

City Ordinance 7.76/Signs – It was learned that the ordinance only applies to the business districts not recreation districts which applies to the park and library. Therefore, the existing signs are incorrect and new signs are needed stating that it is a library rule prohibiting skateboard activity.

Beautify grounds – Flagpole garden is beautiful with the dahlias and dusty millers planted by Janet Dengel. There was a discussion of ideas to improve other areas around the library but no decisions were made.

Actions Taken:

Sharon is working on the budget list. Not much is needed at the present time. Parts have been ordered for the fountain which, hopefully, will extend its life. Other suggestions for the future were new flags, workroom formica, and a possible space for the Bookmobile.

Next meeting:

Due to the October holiday and library staff training, the October meeting will be held Friday, October 7th at 1:30 pm.

Respectfully submitted,
Cynthia Tollefson
